Mayor Aullaluk,

Today is the first official release of 2006 Census data which includes *Population and Dwelling counts*.

We are pleased to provide you with the population and dwelling counts for your community as well as for other aboriginal communities in the province. We invite you to share this information with your colleagues and members of your community.

The official release dates of 2006 Census data will span the period of March 13, 2007 through May 1, 2008. Additionally, please note that on January 15, 2008 we will release data specific to Aboriginal peoples across Canada.

We invite you to visit Statistics Canada's Census' website at **[www.census2006.ca](http://www.census2006.ca)**. Your community's profile will be updated as of 8:30 am (Eastern) for each dissemination release under the *Community Profiles* link. Also note, each census release and any relevant Aboriginal data will be sent to your community the day of its release.
